## ILLUMINATED COLOR CAMERAS

All Zistos Color Cameras are self-illuminated, high resolution, low light sensitive, waterproof cameras designed to cover a myriad of applications.

### Camera Features:

- Very-high resolution, low lux rating, 1/3" CCD camera design
- Extremely sensitive in low-light conditions
- Continuously variable, bright white, LED illumination
- Low power consumption for maximum battery life
- Waterproof – can be submerged under water
- Compatible with all Zistos Camera Extension Poles through *VisionFlex™*

### Model: LLC-1.4<sup>1</sup>

Type:	Color	LEDS:	6 White
Size:	1.2" D <sup>2</sup> x 2.8" L	Weight:	0.19 lbs
Lens:	6mm, 53° FOV	Lux:	0.01
Resolution:	420 lines		

Run time<sup>3</sup>: 2:00 with LEDS off ▪ 1:45 with LEDS on

Features: Excellent performance in total darkness ▪ Longer run time than WPC-3.5

### Model: WPC-3.5<sup>1</sup>

Type:	Color	LEDS:	16 White
Size:	2.5" D x 2.3" L	Weight:	0.36 lbs
Lens:	3.6mm, 92° FOV	Lux:	0.1
Resolution:	480 lines		

Run time<sup>3</sup>: 2:00 with LEDS off ▪ 1:20 with LEDS on

Features: Wide angle lens ▪ Excellent performance in total darkness ▪ Highest illumination

All cameras above are submersible, LED illuminated and compatible with all Zistos Camera Poles.

- Notes:
- 1) Add "P" to each part number for the PAL (European TV standard) version.
  - 2) Diameter listed is with rubber sleeve removed. Sleeve adds 0.3" to diameter.
  - 3) Battery life on WalkAbout™ with fully charged internal battery (hrs:min).

## IR ILLUMINATED MONOCHROME CAMERAS

All Zistos Infrared Cameras are self-illuminated, high resolution, low light sensitive cameras intended primarily for covert surveillance applications.

### Camera Features:

- Very-high resolution, low lux rating, 1/3" CCD camera design
- Infrared LED illumination (invisible to human eye)
- Extremely sensitive in low-light conditions or total darkness
- Continuously variable, bright white, LED illumination
- Low power consumption for maximum battery life
- Waterproof – can be submerged under water
- Compatible with all Zistos Camera Extension Poles through *VisionFlex™*

### Model: WPC-3.5IR<sup>1</sup>

Type: B/W                      **LEDS:** 40 IR  
Size: 2.5" D x 2.3" L        **Weight:** 0.36 lbs  
Lens: 3.6mm, 92° FOV    **Lux:** 0.003

Resolution: 600 lines

Run time<sup>3</sup>: 2:00 with LEDS off ▪ 1:40 with LEDS on

Features: Covert ▪ Excellent performance in total darkness ▪ Highest illumination  
Wide angle lens ▪ Waterproof

### Model: WPC-3.5IR-16<sup>1</sup>

Type: B/W                      **LEDS:** 40 IR  
Size: 2.5" D x 2.3" L        **Weight:** 0.36 lbs  
Lens: 16mm, 21° FOV      **Lux:** 0.003

Resolution: 600 lines

Run time<sup>3</sup>: 2:00 with LEDS off ▪ 1:20 with LEDS on

Features: Covert ▪ Excellent performance in total darkness ▪ Highest illumination  
Narrow angle lens ▪ Waterproof

### Model: ULC-3.5IR<sup>1</sup>

Type: B/W                      **LEDS:** 16 IR  
Size: 2.5" D x 2.5" L        **Weight:** 0.38 lbs  
Lens: 3.6mm, 92° FOV    **Lux:** 0.00003

Resolution: 570 lines

Run time<sup>3</sup>: 1:50 with LEDS off ▪ 1:40 with LEDS on

Features: Covert ▪ Highest performance in total darkness ▪ Wide angle lens  
Waterproof ▪ Extreme light sensitivity rivaling that of night vision devices

- Notes:**
- 1) Add "P" to each part number for the PAL (European TV standard) version.
  - 2) Diameter listed is with rubber sleeve removed. Sleeve adds 0.3" to diameter.
  - 3) Battery life on WalkAbout™ with fully charged internal battery.
