# EXTENSION POLES

**Zistos Extension Poles are rugged, lightweight and portable. Each pole is specifically optimized for its intended application.**

**Features and Benefits:**

- Designed for maximum extended length yet portability when retracted
- Extremely rugged yet lightweight
- 1-foot flexible gooseneck to set camera orientation
- Compatible with all Zistos cameras and displays through *VisionFlex™*
- Quick disconnect from WalkAbout™ or other display
- Submersible, waterproof and oil resistant (excluding handle)

NAME DESCRIPTION	MODEL NO.	KEY FEATURES	EXTENDED REACH	COLLAPSED & FOLDED LENGTH	ACCOMODATING CASES
