Case Specifications

Model:	W-CASE
Construction:	Rugged, watertight, plastic carry case with foam inserts having compartments for all components.
Size:	21" x 16" x 8"
Weight loaded:	18 lbs

RECOMMENDED OPTIONS

Spare Battery	Allows one battery to always be charging while the other one is in use. HIGHLY RECOMMENDED.
D-BAT	Allows use of alkaline 'D' cells when the rechargeable batteries are not charged. Good for emergency situations.
Telescoping Pole	Extend reach with either an articulating/telescoping pole or telescoping pole. Many sizes and models available.

Note 1:	Add a "-P" to the end of the system part number to specify a PAL (European TV standard) system (WA-SBW-P). Change the system part number prefix "WA-" to "WS-" to specify the WalkAbout Sling (WSH) in place of the Chest Harness (WCH).
